

57MM EXCLUSIVE HI - POINT WINDOWS AWNING WINDOW SUITE

AWNING WINDOWS

Hi – Point Windows Suite

Specifically Designed for High Performance

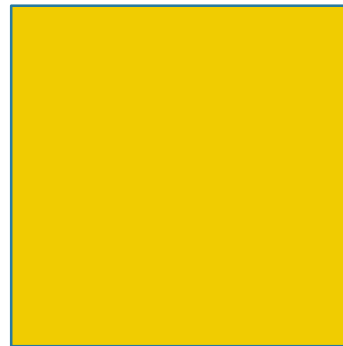

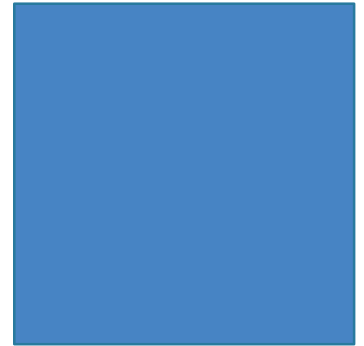

This Option provides elegant looks, which complement both Traditional and Modern Day house designs. Awning windows come various different configurations, but its not restricted to them. Awning Windows are hinged on the top, which enables them to be open even during rainy seasons for ventilations in all types of rooms.

Awning Windows have two different operating systems to choose from: -

- Conventional System : Hinged On top, operated by Chainwinders
- Friction Stay: Fixed with friction stays on the side, operated with a Manual Handle

This Awning Window Suite is highly flexible, as it seamlessly adapts to all Hi Point Windows Suite such as the Sliding Window Suites or Awning Suite, which allows for innovative design and provide exclusive configurations and design to those who seek custom made products.

Hi Point Windows don't have standard sizes, which means customers have flexibility in their sizes and design options. Hi Point Windows believe flexible is the key to achieve exclusive looks for its customers.
